Alice Springs, Northern Territory, Australia

The desert at dawn with its soft colours and the MacDonnell Ranges in the background, provides a memorable start to the day. Red kangaroos are seen on most flights, as your balloon floats serenely across the remote open spaces of the Australian outback.

Spinifex Ballooning

Celebration in the Desert

After the flight you will be served sparkling wine and tropical fruit juice in the desert. The perfect end to a memorable morning.

Flight Certificate and Souvenir Photographs

You will receive a complimentary commemorative flight certificate. Personalised photos taken (subject to loadings) during the morning may be purchased along with ballooning souvenirs.

Transfers

Transfers to and from your accommodation are included with every flight.

What to Wear

It can be dusty in the bush and your optional participation in rigging the balloon is fun, so outdoor clothing and enclosed shoes are recommended. You will be no colder in the air than on the ground.

Bring a hat in summer as temperatures rise quickly after sunrise.

Tour Duration

You will be with us for 4 to 5 hours commencing approximately 1 hour before sunrise.
